PROJECT ACTIVITIES FOR THE YEAR 2024-25:

Special Schools for the Children with Intellectual and Developmental Disabilities:

Special Education is tailored to meet the unique needs of students with disabilities by addressing their individual differences through specially designed instruction, related services, and the use of appropriate Teaching and Learning Materials (TLM). It ensures that every child with a disability is given the opportunity to learn, grow, and express their talents and abilities in an inclusive and supportive environment.

In line with this vision, Uma Educational & Technical Society (UETS) provides Special Education and Rehabilitation Services for children with Intellectual and Developmental Disabilities through both day care and residential care centers at Kakinada and Ongole in Andhra Pradesh. Additionally, UETS operates an Early Intervention and Rehabilitation Centre for children with special needs at Yanam, Puducherry (UT). These services are offered under the aegis of the Ministry of Social Justice & Empowerment, Department of Empowerment of Persons with Disabilities, Government of India, along with support from local resources and community participation.

The following are the services being provided at all the above centers.

- ▼ Early Identification & Intervention
- ▼ Special Education
- ▼ Vocational Training
- ▼ Psychological Intervention
- ▼ Speech Therapy
- ▼ Physiotherapy
- ▼ Parents counseling and guidance
- ▼ Co-curricular activities
- ▼ Music & Yoga therapy etc.

During the reporting year, 634 paralyzed persons received focused rehabilitation services through our physiotherapy and therapeutic intervention programs. With consistent support and specialized care, these individuals showed significant improvement in mobility and daily functioning, marking a major milestone in our commitment to empowering persons with disabilities towards independent living.

Drug De-Addiction Centre at Yanam:

Yanam, a Union Territory region, is known for the availability of alcohol at lower prices compared to neighboring states. This has led to a significant rise in alcohol consumption, especially among the youth, with reports indicating growing substance abuse even among college students. The local media has repeatedly highlighted this alarming trend, bringing to light the urgent need for targeted intervention and preventive strategies. In response to this emerging social challenge, our organization has taken proactive steps by organizing various awareness programs focused on the ill effects of substance abuse and the importance of de-addiction. Through these initiatives, we aim to educate communities, especially vulnerable youth, about the dangers of alcohol and drug dependency.

Sustainable Services to Children, Young Adults with Deafblindness and Multiple Disabilities in Andhra Pradesh & Puducherry:

This program is supported by Azim Premji Philanthropic Initiatives, Bangalore and implemented by Uma Educational & Technical Society (UETS), Kakinada. The project focuses on providing comprehensive rehabilitation services to individuals with Deafblindness and Multiple Disabilities across 10 identified Mandals. As a part of the initiative, field staff conducts door-to-door surveys, identifying children with Db/MD and offering home-based training, physiotherapy, basic medical support, and parental counselling. Parents are guided and motivated to support their child's development, while children receive individualized rehabilitation and educational interventions. UETS field staffs actively engage with parents, family members, local leaders, community service providers, Anganwadi workers, schools, and SSA Bhavitha centers, maintaining close coordination to ensure continuous support. Additionally, the center is taking significant steps in early identification, screening, and functional assessment (vision and hearing), in collaboration with Sri Kiran Eye Hospital, Anju Eye Care Hospital, and the Government General Hospital, Kakinada, particularly for early screening of newborns.

Key Activities Undertaken – Deafblindness and Multiple Disabilities Project:

Orientation training programs on Deafblindness and Multiple Disabilities were conducted for 586 Anganwadi workers and 263 ASHA workers and ANMs, enhancing grassroots-level awareness and early identification capabilities.

A State-Level Advocacy Program was held at Amaravati, with participation from adult deafblind individuals, caregivers, and officials from Sense International and UETS. This was followed by a District-Level Parent Network Meeting on 17th December 2024, where 62 participants, including parents and stakeholders, discussed challenges and support systems.

A five-day residential training for 50 SSA IERPs, special educators, and rehabilitation professionals was organized in December 2024, approved by RCI, creating strong state-level awareness.

Parent and sibling network meetings were conducted across all 10 project Mandals, addressing government schemes, caregiving, and inclusion.

In terms of direct beneficiary support, 350 PwDs obtained SADAREM certificates, and 310 of them began receiving social security pensions.

103 children accessed inclusive education, 207 received home-based training, 165 benefited from doorstep physiotherapy services, and 96 were enrolled in SSA Bhavitha centers for special education.

Additionally, 3 individuals received Income Generation Activity (IGA) grants, 43 gained self-employment, and 13 secured jobs in public/private sectors.
